Dear

[Redacted]

STAT

Thank you for your letter of October 5, 1988 in which you requested information regarding your application for refund of your retirement deductions. We have checked on the status of the application with the Office of Personnel, who advises us that there is still one document required to complete processing. The document, Current/Former Spouse's Notification for Application for Refund of Retirement Deductions, form number 1537, is enclosed for your completion, your wife's signature, and return. I would expect that the Office of Personnel would be able to complete their action and forward the final refund check within two (2) weeks of our receipt of the form.

Sincerely,

[Redacted]

R. W. Manners
Director
